Date: July 01, 2010

To: County Emergency Management Directors

From: Larry Reed
Deputy Administrator

Subject: **EMERGENCY MANAGEMENT PERFORMANCE GRANT (EMPG)**
PROJECTED AWARD AMOUNT FOR 2011

In view of the projected fiscal support of emergency management programs by the Federal Emergency Management Agency (FEMA), a baseline of \$6,082,548 has been established for local and state programs for FFY-11. In keeping with Wisconsin Emergency Management (WEM) policy, this grant award will be distributed on the basis of no less than a 2/3 allocation for support of county programs, and approximately a 1/3 level of support for the state program.

WEM has established a distribution formula with a base of \$12,000.00 for each county. Additional funds have been awarded based on a 75/25 percent basis for population and area respectively.

WEM's projected FFY-11 award amount for your County is at Attachment 1. This grant award is contingent upon WEM receiving the same amount as the 2010 EMPG award acceptance of WEM's FY-11 EMPG application. If funding is less there will be a prorated allocation decrease based on our distribution formula. If the funding is greater there will be a prorated allocation increase based on our distribution formula.

Please keep in mind that counties are reimbursed on actual expenditures incurred for the salary and fringe benefits of the county emergency management director, those in direct support of the plan of work activities, and as identified in the 2011 EMPG application. EMPG funding is limited to 50% of the identified salary, fringe benefits, and items in your Emergency Management budget from your EMPG application, or the formula amount, whichever is less.

County governments and emergency management offices should be advised that Wisconsin Emergency Management remains committed to the established grant formulas.

If you have any questions regarding this grant, please contact your Regional Director.
