Under normal circumstances, a new account can be created in 24-72 hours. The federal government has published DUNS Frequently Asked Questions at <http://fedgov.dnb.com/webform/displayFAQPage.do>. Check with your agency's financial office before registering for a DUNS number - it is likely your agency already has one.

HS Intelligence and Information Sharing 2015

Program Description

WEM will provide grant funds to support staff and operations at the Wisconsin Statewide Information Center.

The Wisconsin Statewide Information Center is an “all-crimes, all-hazards, all-threats, and all-events” intelligence fusion center. The WSIC serves as a focal point for information sharing in the state and local environment and has been designated by the Governor, through his Homeland Security Advisor (HSA), as the primary state fusion center in Wisconsin.

Application Components

Through Egrants, you will provide WEM with detailed information about your project that will be used to make a funding decision. Questions on what is expected in each section can be directed to Michael Jordan at (608) 242-3335 or at Michael.Jordan@wi.gov.

1. Main Summary

This page asks for information about your agency and the individuals responsible for the application and grant award. There are many required fields on this page so if you encounter problems, please check online help by clicking the floating HELP button. Please note: When identifying individuals involved in this grant, you may not list the same person as project director and financial officer. The financial officer is the individual responsible for financial activities in your organization while the project director will be overseeing project operations.

In the Brief Project Description text box, please describe your project in 150 words or less. A suggested format is included for your convenience:

“Funds will be used by the (your agency name and others involved in the project) to (describe what funds will be used for and who will be involved). The (what - equipment, training, project, pilot, etc.) will (describe the specific goals you hope

to achieve – how will the project or equipment improve safety in Wisconsin?) [If appropriate, add which area(s) of the state will benefit]”

Responses to this section will be used on the WEM website, cited in WEM reports and could be mentioned in press releases. Plain language that clearly describes the intent of the project is most effective.

2. Approval Checklist

Answer Yes, No, or N/A (not applicable) to each question.

3. Performance Measures

Please enter your performance measure targets in this section. Performance measures related to this funding will include the following:

- Number of times WSIC responded for Major Event/Incident Support*
- Number of CI/KR assessments completed
- Number of Suspicious Activity Reports received
- Number of requests for criminal case analytical/technical support*
- Number of TLO classes
- Number of advanced TLO classes
- Number of FLO classes

*When setting performance measures for these items, the goal can be zero because it is not possible to plan for these events. However, we must capture the information in the progress reports after the fact.

4. Budget Detail

Complete a project budget using the following categories. For each category used, enter a justification that describes how the items in that category will be used during the course of the grant period. It is important that you include specific details for each budget line item, including cost calculations.

Personnel: Provide salary information for non-contractual employees that will be funded through this grant, including overtime. List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization. Only personnel costs of the agency applying for the grant funds should be included under “personnel.”

Employee Benefits: Employee benefits for grant-funded personnel include FICA, Unemployment Compensation, Health Insurance, etc. and amounts budgeted should be based on actual known costs or an established formula. Employee benefits are for the personnel listed in the budget and only for the percentage of time devoted to the project. Employee benefits on overtime hours are limited to FICA, Workers’ Compensation, and Unemployment Compensation.

Travel/Training: Any travel and/or training costs associated with the funded project. Only actual expenses will be reimbursed. All reimbursements will be at current state rates that are subject to change. Current rates for in-state travel at the time of this announcement include:

- Mileage: \$0.51/mile
- Lodging: Maximum \$82/night (\$90/night for Milwaukee, Waukesha or Racine County)
- Meals: \$8/breakfast (leaving before 6 a.m.); \$10/lunch (leaving before 10:30 a.m. and returning after 2:30 p.m.); \$20/dinner (returning after 7 p.m.); \$7/breaks

(Please note: Costs will only be reimbursed after submission of an event agenda and attendance list. Travel and training for contracted employees does not go in this section. These expenses should be itemized under “Contractual.”)

Supplies and Operating Expenses: Includes consumables such as paper, stationery, postage, and software. Also includes operating expenses such as rent and utilities. Show computations for all items. For example, Rent: \$150/mo x 12 months = \$1,800.

5. Project Narrative

Please provide an overview of the project as a whole, including the mission of the WSIC. Describe each of the project objectives and the related activities in detail.

Please note and explain any new or expanded initiatives such as programs for cyber security or countering violent extremists.

6. Required Attachments

Please attach the following documents to your application in this section:

- Position Descriptions for each funded or partially funded position

Application Review and Award Criteria
