**ReadyWisconsin joins UW Police in September Preparedness Month Event**

(MADISON) – In partnership with Wisconsin Emergency Management’s ReadyWisconsin campaign and the University of Wisconsin-Madison Police Department, the men’s and women’s soccer teams celebrated Emergency Preparedness Month on Sunday.

More than 500 soccer fans visited the ReadyWisconsin table for a chance to win prizes and learn about emergency planning. A variety of emergency response vehicles were also on display including Dane County Emergency Management’s communications truck. Fans also experienced a Medflight flyover and watched a weather balloon being released.

This event was part of the seventh annual PAC the MAC soccer doubleheader featuring the men’s team hosting Maryland, followed by the women’s team facing Purdue.

The theme of this year’s event, “Don’t Wait. Communicate.” ReadyWisconsin says now is the perfect time to talk to everyone about getting ready for an emergency or disaster.
