Storm Update 5 / September 24, 2016 / 4 p.m.

Overview- Governor Walker toured several flooded areas including DeSoto and Gays Mills today. The National Weather Service predicts between one-half and one inch of rain for late Saturday into Monday morning in the affected areas, however isolated storms may produce higher amounts. A flash flood watch has been enacted across the affected area through Sunday evening as a precautionary measure, due to already saturated ground and the potential for heavier rainfall in a short period of time. Here is the latest update by county:

Clark County

- Approximately 70 roads remain closed.
- Cleanup kits and well test kits are available through the Clark County Health Department with assistance from the Red Cross. Residents are encouraged to test wells if standing water reached above the well casement.
- Red Cross is also compiling residential damages on behalf of Clark County. Residents with damage are urged to call 877-618-6628. Residents unable to leave their property due to driveway damage are urged to call the Clark County Sheriff's office at 715-743-3157.
- No damage assessments available until standing water has been cleared from roads.
- Boaters should avoid Lake Arbutus dam area due to damage to boat barriers of the dam.
- Forest roads, boat landings, and ATV trails are closed.
- Preliminary public damages exceed \$400,000.
